Orange County Community Indicators Report

The 2006 Report Card for Orange County

What are the major challenges and opportunities facing Orange County in 2006? How does Orange County compare to its economic competitors? Answering the call to once again help us analyze the findings of the annual *Orange County Community Indicators Report*, we look forward to hearing from two popular experts in matters of the state's economy, infrastructure, and finance – Steve PonTell and Phil Isenberg – as well as Orange County Business Council Vice Chair Linda Martin, in a panel discussion as the 2006 *Orange County Indicators Report* is unveiled. Each attendee will receive a copy of this new publication, which has earned its status as the annual report card for Orange County.
