Orange County's Blueprint for Innovation
A Focus on Innovation and Technology Trends
Release of 2010 Report Card Spurs Look at Future

Will Orange County remain the high tech and innovation hub over the next 10 years? The release of the 2010 *Orange County Community Indicators Report* will serve as a catalyst for discussion and an assessment of Orange County's future economic growth in this increasingly important sector of our economy. This in-depth report includes a 10-year retrospective that can guide the discussion of what is necessary for Orange County to continue its growth in this vital business sector. The Orange County Forum is pleased to feature representatives from OCTANE, Orange County's premiere innovation network, as part of this year's panel. We also are excited to welcome back Lucy Dunn, President of the Orange County Business Council who will serve as the moderator for what has historically been a lively discussion of the report and what it means for the future of Orange County.
