Orange County Community Indicators Report

“State of the County”

The 2008 Report Card for Orange County

What are the major challenges and opportunities facing Orange County in 2008? How does Orange County compare to its economic competitors? We will first hear from the Orange County Board of Supervisors Chairman John Moorlach on the importance of a healthy economy to a successful County government, and how County government supports a healthy County economy. We then look forward to hearing from the experts in matters of the County's economy, infrastructure and finance, returning panelists Steve PonTell and Lucy Dunn – as the 2008 *Orange County Community Indicators Report* is unveiled. Each attendee will receive a copy of the new publication, which has earned its status as the annual report card for Orange County.
